

TOSS-BLOCK

Advanced Environmental Product

A slow-dissolve urinal tablet containing a unique blend of bacteria and cleaning agents for use as a cleaner in urinal basins and similar type applications, with the added benefit of improving septic tank and drain line function.

Advantages of TOSS-BLOCK:

- Bacteria strains present degrade wide range of organics which are leading cause of odours in urinals.
- Pleasant fragrance.
- Helps to keep drains clear by providing continuous treatment.
- Assists in cleaning urinals
- Assists in liquifaction of organic waste, thus improving septic tank function.
- Easy to use.
