

A.S.A.P. AEROSOL

NON-FLAMMABLE, FAST-DRYING, SAFETY SOLVENT AEROSOL

Description:

Chlorinated, non-corrosive formula cleans and degreases parts quickly and easily. Perfect for cold degreasing, circulating units, ultrasonic units, pressure sprayers, CIP cleaners, brake parts cleaners, and vapor degreasing applications.

Benefits:

- Residue free - non-oily
- Colorless - non-staining and non-corrosive
- Non-conductive - dielectric strength of 36,200 volts
- Versatile - for use on ferrous and non-ferrous metals
- Powerful - high pressure spray flushes away soils without injury to working parts
- Safe - contains the strongest EPA SNAP approved replacement for 1,1,1-Trichloroethane
- Unique - Can be used on energized equipment not exceeding dielectric strength

For Use On:

Industrial Equipment

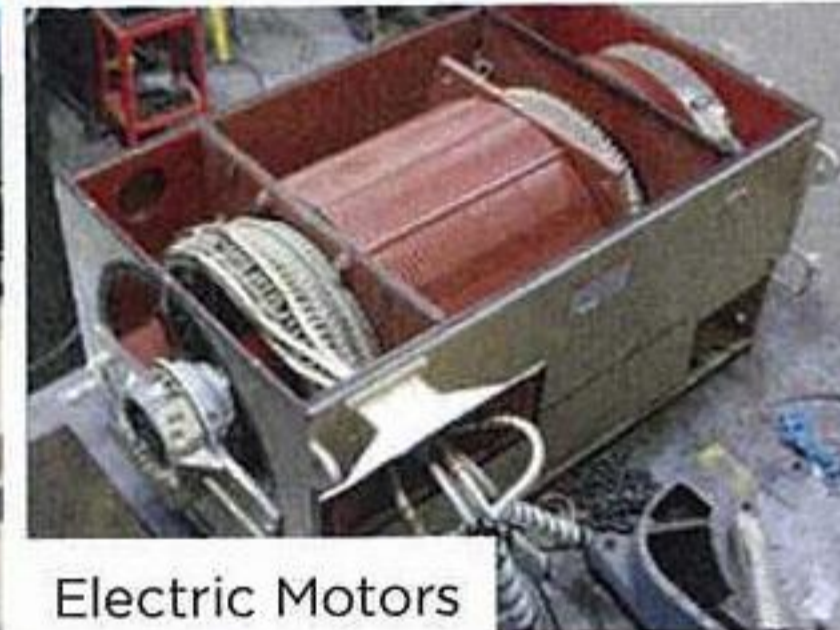

Generators

Refrigeration Equipment

Heating & Air Conditioning

Electric Motors

Application:

Saturate part to be cleaned. Allow to air dry. For heavily encrusted areas, brush, then rinse off with a second application.

Specifications:

Density @ 25°C (ASTM-D-287)	1.46 g/mL
Color	None
Appearance	Clear
Odor.....	Solvent Odor
Container	500 ml can
Health/Flammability/Reactivity	2/0/1
Personal Protection	G - Safety glasses, gloves, respirator
