

## DESCALING ACID CLEANER & DEGREASER WITH MINT FRAGRANCE

### Description:

Blue Thunder is a powerful, ready-to-use, phosphoric acid based cleaner and deodorizer that attacks dirt, soap scum, mineral deposits, mildew stains, lime build-up, scale, oxidation, and rust stains on hard surfaces such as tile, grout, porcelain, and stainless steel.

### Benefits:

- Easy, ready-to-use formula requires no dilution.
- Fresh mint scent deodorizes the entire area while it cleans.
- Cleans without fumes normally associated with acid cleaners.
- For use on restroom surfaces, kitchen surfaces, pool, spas, locker room surfaces, etc.

### Application:

Apply a liberal amount of Blue Thunder to the surface to be cleaned. Agitate lightly with a cloth, brush, sponge, or mop. Rinse thoroughly with water and allow to air dry or wipe dry with a clean cloth.

#### For Use On:

- |                       |                     |
|-----------------------|---------------------|
| Bath Tubs             | Kitchen Faucets     |
| Brass Fixtures        | Lockers & Stalls    |
| Cement Grouting       | Pools & Spas        |
| Chrome Plate          | Restroom Sinks      |
| Copper Cookware       | Shower Stalls       |
| Drinking Fountains    | Stainless Steel     |
| Farm & Lawn Equipment | Toilets and Urinals |
| Hard Tile Surfaces    |                     |

### Specifications:

pH..... less than 2.0  
 Density @ 25° C (ASTM-D-287).....1.16 gm/cc  
 Color .....Blue  
 Appearance ..... Clear  
 Foam Height .....Medium  
 Odor .....Fresh Mint  
 Health/Flammability/Reactivity..... 1/0/0  
 Personal Protection ..... B-Safety Glasses and Gloves
