

# CHEX

**BARRIER CREAM**

*Invisible Barrier Cream - Protects Skin for Hours  
Saves Clean-up Time*

## **Description:**

CHEX is a highly protective invisible barrier cream, designed to protect the skin against dirt, chemicals, liquids, grease and other materials that may be hard to remove, or harmful to the skin. Helps protect against skin irritation, dermatitis and rashes caused by industrial contaminants.

## **CHEX - PROTECTS!**

## **For Use In:**

Workshops, factories, mines, transport and loading areas, and in any situation requiring skin protection for workers.

## **Application:**

Apply a small amount to all skin areas likely to be exposed to harmful contaminants. Rub in well, especially under finger nails.

Wash hands at breaks from work with Momar Grime Go or Pumice Plus, or use soap and water. Re-apply before returning to job.
