Enliven

Description:

Enliven is specially formulated spray buff with just the right blend of surfactants, leveling agents, and lubricants.

Benefits:

- * Cleans, polishes, and upgrades the floor finish.
- * Can be used with high or low speed floor machines.
- * With regular use, floor finishes will become more durable, tougher, and shinier.
- * Removes black heel marks, dirt, scratches, and replaces them with a brilliant shine.
- * A unique blend of ingredients designed to be used over all of Momar's floor finishes.

Application:

Remove all foreign objects (paper, gum, soil) from the floor that is to be cleaned. Follow with a dust mop or sweep to remove loose dirt and dust. Using a MOMAR TRIGGER SPRAYER, spray two full sprays of Enliven on a 1 sq m area. Do not over wet the area. Using a buffing pad and floor polishing machine, make one pass with the floor machine to spread out the spray buff. Then buff to gloss, generally two to three passes. Flip or change the pad as necessary.

Specifications:

pH @ 25°C (ASTM-E-70)	7.0 - 8.0
Density @ 25°C (ASTM-D-287)	1.01 gm per cc
Color (visual)	None
Appearance @ 25°C (visual)	Clear
Foam Height	Low
Odor	None
Health / Flammability / Reactivity	0 / 0 / 0
Personal Protection	A - Safety Glasses
