

MOMAR**Greenaction™****Envision™****Ultra-Concentrated
Neutral Cleaner****Environmentally Responsible Chemistry.**

Safe on all flooring surfaces. Removes soapy build-up. Emulsifies greases and oils. Will not strip or harm finished floors. Safe in floor scrubbers. Dilutes up to 1:250.

Benefits

- Formulated in partnership with the EPA DfE, this product utilizes biodegradable, non-toxic ingredients, which exhibit more positive environmental and human health characteristics than conventional formulations.
- Recommended for use on all types of resilient floors (asphalt and rubber tile, asbestos, vinyl, linoleum, and cork) and hard surface floors (marble, terrazzo, ceramic, travertine, granite, slate, concrete, and Spanish tile).
- Removes soapy build-up, emulsifies grease and oil, no alkaline build-up, will not strip wax, non-yellowing, low foaming, and safe for use in floor scrubbers.
- Economical - High Use Dilution.
- Meets USDA A-1 Guidelines.
- Designed for dilution with cold water to save the energy and expense required to heat water.

Application**For use in:**

Industrial Plants, Fast Food Establishments, Restaurants, Offices, Nursing Homes, Hotels, Fitness Centers, Stores, Schools, Daycare Centers, Hospitals, and Warehouses.

MANUAL FLOOR MAINTENANCE: Dilute 4 to 30 ml of Envision with 1 litre of water depending on the degree of soil. Apply with a mop. Permit the solution to remain on the surface for several minutes. Allow to air dry or pick up with a mop or wet pick-up vacuum.

AUTO FLOOR SCRUBBING MACHINE: Dilute 4 to 30 ml of Envision per 1 litre of water depending on the degree of soil.

GENERAL CLEANING AND DEGREASING:

Light Duty Application: Dilute 1:125 or 8 ml per litre of water
 Medium Duty Application: Dilute 1:33 or 30 ml per litre of water
 Heavy Duty Application: Dilute 1:10 or 100 ml per litre of water
 Ultra-Heavy Duty Application: Dilute 1:3 or 300 ml per litre of water

Formulated in Partnership with the EPA DfE program

The Design for the Environment program is one of the EPA's premier partnership programs promoting the integration of cleaner, cheaper, and smarter chemical solutions. Momar is proud to be a partner with the EPA in this program. Envision bears the EPA DfE logo because it has been reviewed by the EPA and the ingredients used in Envision have been screened for potential human health and environmental effects.

Based on the EPA's expert judgment, Envision contains only ingredients that pose the least concern among chemicals in their class.

Specifications

pH @ 25°C (ASTM-E-70)	...	7.0
Density @ 25°C (ASTM-D-287)	...	0.979 gm per ml
Color (visual)	...	None (no dyes)
Appearance @ 25°C (visual)	...	Clear
Foam Height	...	Low
Odor	...	None (no fragrances)
Health/Flammability/Reactivity	...	1 / 0 / 0
Personal Protection	...	B-safety glasses and gloves
