HURRICANE

Oven Cleaner

FROM THE RESEARCH &
DEVELOPMENT LABORATORIES
OF MOMAR, INC.

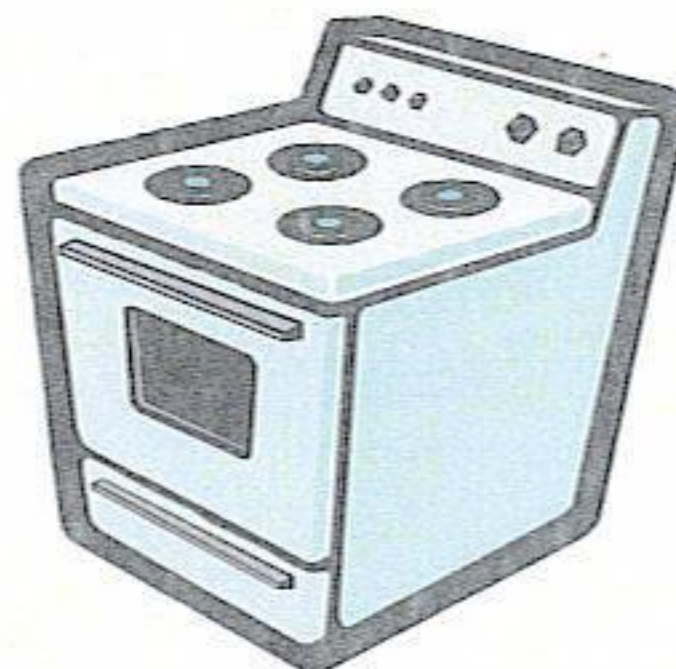

Description:

A ready-to-use, caustic based oven cleaner that cuts through carbon deposits, grease, and grime with one easy application.

Benefits:

- * Non-flammable
- * Spray on, wipe off.
- * Knocks off carbon in one application.
- * Destroys grease and grime on contact.
- * Excellent on all ovens, broilers, grills, and griddles.

Application:

For ease of application, remove racks and clean separately. Hurricane works on hot or cold ovens, for best results, preheat oven to 95 °C. From a distance of 20 to 30 cm, liberally spray Hurricane on all surfaces to be cleaned. Allow to stand for 3-5 minutes on warm ovens and 10-15 minutes on cold ovens. Scrub with a coarse pad where necessary. Rinse thoroughly and repeat where needed. Wipe dry with a clean cloth.

Specifications:

pH @ 25°C (ASTM-E-70)	13.0 - 14.0
Density @ 25°C (ASTM-D-287)	1.21 gm per cc
Color (visual)	Light brown
Appearance @ 25°C (visual)	Slightly opaque liquid
Foam Height	None
Odor	Slight
Health / Flammability / Reactivity	3 / 0 / 1
Personal Protection	C - Glasses, gloves, and aprons
