

MOMAR

Hydroclean™

Grease Devouring Lift Station Cleaner

Before

After

The one-hour solution to grease problems.

Ultra-concentrated, stabilized bio-oxidant solution devours hydrocarbons from lift stations, drain lines, and grease traps. Excellent for total system cleanout prior to starting a biological or chemical preventative maintenance program such as Momar's 8-Alive.

- ▶ 100% biodegradable
- ▶ Devours grease, oil, fat, and other hydrocarbons on contact
- ▶ Scavenges poisonous hydrogen sulfide, preventing it from corroding metal surfaces
- ▶ Reduces CODs, BODs, FOGs, TSSs, and their related surcharges
- ▶ Eliminates organic odors that bother neighbors and employees
- ▶ Increases dissolved oxygen, which boosts biological metabolic activity

**DEVOURS FAT, OIL,
AND GREASE
