

Ivory-Sol Aerosol

AEROSOL FOOD-GRADE LUBRICANT

Description:

LuBest Ivory-Sol aerosol is a unique, food-grade lubricant designed to give superior performance over conventional lubricants. Non-toxic, colorless, and odorless.

Benefits:

- Complies with USDA H1 and FDA Title 21, Part 178, Section 178.3570 and Part 172, Section 172.878
- Extreme pressure and anti-wear additives to provide maximum protection during severe service conditions
- Anti-oxidants to prevent formation of harmful acids that break down oils and destroy metals
- Formulated for food grade use but heavy-duty enough for any industrial application

Application:

Ivory-Sol aerosol is recommended for use in applications requiring a food grade lubricant. Spray liberally on part to be lubricated.

Specifications:

Viscosity @ 100°C.....	5.9 Cst
Viscosity @ 40°C	32 Cst
Viscosity Index	130
ISO Grade	32
SAE Grade.....	10
Flash Point.....	450°F (234°C)
Pour Point	-76°F (-60°C)
Appearance	No Color and Clear
Four Square Gear Test (FZG), Load Stage	11
Timken OK Load, lbs. (ASTM D-27282)	60
Turbine Rust Test (ASTM D-665) with Distilled & Sea Water.....	Pass
