Preamble

The Promotion of Access to Information Act No. 2 of 2000, (“the Act”) came into operation on 23 November 2001. Section 51 of this Act requires that we as a private body compile a manual giving information to the public regarding the procedure to be followed in requesting information from us for the purpose of exercising or protecting rights.

Introduction to this private body

MOMAR, Inc. was founded over 50 years ago, in Atlanta in the USA as a specialty chemical manufacturer of general industrial cleaning, maintenance and sanitation chemicals. These also include water treatment and synthetic based lubricants. Over the years, successful research and new product development supported continual growth, both in the USA, and Internationally.

MOMAR manufactures and sells its industrial maintenance & sanitation chemicals in bulk (packaged in drums), directly to the ultimate user. The products offered make for a better and safer work environment, serving the needs of almost every business or enterprise – from food processing areas, washrooms, workshops, hospitals, hotels, schools, supermarkets, offices, construction, mines, etc.

The South African company, CANSA PTY LTD trading as MOMAR, was founded in 1969, under licence to Momar Inc. in the USA. It is an independent SA Company, but benefits fully from every aspect of the American Company's expertise.

We as a private body have compiled this manual, not only to comply with the provisions of the Act, but also to foster a culture of transparency and accountability in our environment and to ensure that members of the public have effective access to information in our possession which will assist them in the exercise and protection of their rights.

Inside these pages you will be able to view the categories of information which we possess. You will also be shown the correct procedure to follow should you require access to any of this information.
