Neutrox™

Ultra-Concentrated
Neutral Cleaner with Peroxide

Environmentally Responsible Chemistry.

The true total facility cleaner. Safe on all surfaces, including carpet, glass, metal, plastic, vinyl, tile, marble, and wood. Emulsifies greases and oils. Will not strip or harm finished floors. Safe in floor scrubbers. Color-safe bleaching and deodorizing. Dilutes up to 1:125.

Benefits

- Formulated in partnership with the EPA DfE, this product utilizes biodegradable, non-toxic ingredients, which exhibit more positive environmental and human health characteristics than conventional formulations.
- Active Oxygen combined with odorless bio solvents removes stains, neutralizes odors, and destroys hydrocarbons on contact.
- For use on plastic, metal, mirrors, glass, tile, grout, rugs, clothing, linens, fabrics, towels, carpeting, uniforms, and upholstery.
- Designed for dilution with cold water to save the energy and expense required to heat water.
- Meets USDA A-1 guidelines.

Formulated in Partnership with the EPA DfE program

The Design for the Environment program is one of the EPA's premier partnership programs promoting the integration of cleaner, cheaper, and smarter chemical solutions. Momar is proud to be a partner with the EPA in this program. Neutrox bears the EPA DfE logo because it has been reviewed by the EPA and the ingredients used in Neutrox have been screened for potential human health and environmental effects.

Based on the EPA's expert judgment, Neutrox contains only ingredients that pose the least concern among chemicals in their class.
