Greenaction™

Respond 3X™

Concentrated Tile, Bowl, & Metal Surface Cleaner & Degreaser

Environmentally Responsible Chemistry.

Odorless, non-fuming, buffered, organic acid formula dissolves lime, organic encrustations, hard water stains, mildew, uric acid, rust stains, and scale from toilets, urinals, ceramic tile, porcelain, brass, grout, and fiberglass surfaces.

Benefits

- Formulated in partnership with the EPA DfE, this product utilizes biodegradable, non-toxic ingredients, which exhibit more positive environmental and human health characteristics than conventional formulations.
- Dissolves build-up like lime, organic encrustations, hard water, mildew, uric acid, rust stains, and scale from toilets, urinals, ceramic tile, porcelain, brass, grout, and fiberglass surfaces.
- Safe on ferrous and non-ferrous metals.
- Concentrated, non-fuming, organic acid technology is safer and more versatile than traditional acid bowl cleaners without sacrificing cleaning performance.

Application

For Use On:

Bathtubs, Brass Fixtures, Cement Grouting, Chrome Plate, Toilets, Urinals, Shower Stalls, Tubs, Copper Cookware, Drinking Fountains, Hard Tile, Walls & Floors, Kitchen Faucets, Restroom Sinks, Stainless Steel Counters, Stainless Steel Kitchen Equipment, Stainless Steel Oven Exteriors, and countless other hard surfaces...

Directions:

GENERAL USE: Dilute 1:3 with water and apply a liberal amount of Respond to any surface listed above. Agitate lightly with a cloth, sponge, or mop. Rinse and allow to air dry (or wipe dry with clean cloth).
TOILETS & URINALS: Saturate mop with RESPOND 3X. Thoroughly clean the bowl urinal making sure to clean water outlets at the top as well as grooves down along the sides. After cleaning the upper surface, remove the screen from the drain outlet and pour 30 to 60 millilitres of RESPOND 3X in the drain pipe and around the edges. Allow RESPOND 3X to remain in the drain 2 to 3 minutes to clean out the drain pipe.

Formulated in Partnership with the EPA DfE program

The Design for the Environment program is one of the EPA's premier partnership programs promoting the integration of cleaner, cheaper, and smarter chemical solutions. Momar is proud to be a partner with the EPA in this program. Respond bears the EPA DfE logo because it has been reviewed by the EPA and the ingredients used in Respond have been screened for potential human health and environmental effects.

Based on the EPA's expert judgment, Respond contains only ingredients that pose the least concern among chemicals in their class.

Specifications

pH @ 25°C (ASTM-E-70)	3.5
Density @ 25°C (ASTM-D-287)	1.15 gm per ml
Color (visual)	None (no dyes)
Appearance @ 25°C (visual)	Clear or hazy
Foam Height	Low
Odor	None (no fragrances)
Health/Flammability/Reactivity	1 / 0 / 0
Personal Protection	B-safety glasses and gloves
