

Ultra Concentrated Industrial Strength Cleaner & Degreaser with Peroxide

Formulated with biodegradable detergents, solvents, and color-safe bleach. Dilutes up to 1:125 and safe on all surfaces. Designed especially for pressure washing greasy equipment, concrete floors, vinyl & aluminum siding, and all types of decking.

## **Benefits**

- Formulated in partnership with the EPA DfE, this product utilizes biodegradable, non-toxic ingredients, which exhibit more positive environmental and human health characteristics than conventional formulations.
- Ideal for use in steam cleaners and pressure washers.
- Synergized formulation combines three technologies: (1) active oxygen for color-safe bleaching and deodorizing; (2) biodegradable detergent system for suspension and removal of soils and stains; (3) bio-solvent blend for removal of oils and greases.
- Meets USDA A-1 guidelines.
- Designed for dilution with cold water to save the energy and expense required to heat water.

# **Application**

#### For Use On:

Greasy Equipment, Kitchen Floors, Stove Tops, Linoleum, Ovens, Vinyl Hoods, Refrigerators, Stainless Steel, Concrete Floors, Counters, Tile, Tables, Cabinets, Pots & Pans, Painted Surfaces, Freezers, Grills, Glass, Plastic, Mirrors, Aluminum, Rubber, and Wood

#### **Dilution Rates:**

Ovens & Grills - 1:3 Heavy Duty Cleaning - 1:15 Medium Duty Cleaning - 1:30 Light Duty Cleaning - 1:60 Glass & Mirrors - 1:125

Mopping Floors - 10 - 20 ml per litre Pots & Pans - 15 - 30 ml per litre Stainless Steel - 15 - 25 ml per litre Cars & Trucks - 15 - 50 ml per litre Vinyl Siding - 10 - 20 ml per litre

#### Directions for general cleaning and degreasing:

Spray or soak the area using the appropriate diluted solution. When possible, agitate with a clean sponge, brush, or cloth. Rinse with

#### Formulated in Partnership with the EPA DfE program

The Design for the Environment program is one of the EPA's premier partnership programs promoting the integration of cleaner, cheaper, and smarter chemical solutions. Momar is proud to be a partner with the EPA in this program. Vigor bears the EPA DfE logo because it has been reviewed by the EPA and the ingredients used in Vigor have been screened for potential human health and environmental effects.

Based on the EPA's expert judgment, Vigor contains only ingredients that pose the least concern among chemicals in their class.

### Specifications

pH @ 25°C (ASTM-E-70) .... 8.0

Density @ 25°C (ASTM-D-287) . . . . 0.969 gm per ml

Color (visual) . . . . None (no dyes)

Appearance @ 25°C (visual) . . . . Clear

Foam Height . . . . Medium

Odor . . . . None (no fragrances) Health/Flammability/Reactivity . . . . 1 / 0 / 1

Personal Protection . . . . B-safety glasses

and gloves
